

AT&T in New York

Connecting Across the Empire State

From Brooklyn, Harlem and the Bronx, to Buffalo, Troy and Syracuse, to Yonkers and Long Island, we're helping bring devices, connectivity, training and skills to a wide range of New Yorkers. Because connecting people has been our business and our priority for more than 140 years.

To make sure more New Yorkers have the connectivity they need to thrive in our digital world, we'll continue working alongside public officials, community organizations and business leaders to get digital resources into communities across New York.

What we're doing in New York

- **Committed \$2.1M+** from 2021–2023 to organizations and initiatives focused on closing the digital divide in New York.
- **Funded 6,100+ laptops for students and families** across the state since 2021.
- **Opened 5 digital learning labs** within local organizations providing a free space for community members to access computers and Wi-Fi.
- Planning **at least 4 more digital learning labs** in 2024 in Schenectady, Mt. Vernon, Brooklyn and the Bronx.
- Supported **more than 135 digital literacy workshops** since 2021 to help community members build skills and confidence using technology.

AT&T Nationally

Our efforts in New York are a part of our nationwide commitment to help close the digital divide for 25 million people—it is the linchpin of AT&T's mission to leave no one behind when it comes to online opportunity.

With millions in the United States still lacking internet access, isolating them from digital literacy skills and potential pathways to economic opportunity, we recently announced an additional \$3 billion by 2030 to help close the digital divide, bringing our total commitment to \$5 billion since 2021.

Connecting Across the Empire State: AT&T in New York

On the ground in New York

2022

We partnered with ConnectEd NY and Connected Nation to provide **thousands of free mobile hotspots** to get them connected.

We also funded **2,000 computers** for underrepresented students and families in Buffalo in collaboration with Digitunity and Mission Ignite.

Earmarked **2,500 computers for vulnerable students** in the New York City Department of Social Services' homeless shelters in a collaboration with New York City Mayor Eric Adams, Digitunity, Human IT, and the Electronic Access Foundation.

2023

Summer

With Say Yes Buffalo we funded **165 laptops for students** starting college, many were first-generation college students.

Sponsored Queens Tech + Innovation Challenge, a multi-week program that offers high-level entrepreneurial classes, one-on-one office hours with QEDC mentors & advisors, networking events with startup founders, and more.

October

Partnering with Youth Shelter of Westchester, we provided **100 laptops to at-risk youth**.

November

AT&T funded **125 laptops for families from the Shinnecock Nation** (Long Island).

December

In collaboration with DREAMchasers in Queens, we helped students create a **new app that aided other students** in SHSAT test preparation.

AT&T donated **\$75,000 to the YMCA of Greater New York** to support a Digital Literacy Program for Seniors; Part of the funding was used to purchase laptops for participants.
